2019-2020 Advanced Leagues Games January-March

Coaches,

Please review the online draft schedule for all Boys and Girls U12-U14 Divisions.

<http://events.gotsport.com/events/schedule.aspx?EventID=74027&GroupID=865346&Gender=Boys&Age=12>

Games that were sitting on 1/11/2020 have now been scheduled around your one blackout date weekend. Currently, they all show a status of "rescheduled" to provide you a visual identifier.

Please review today for any of the following which you may contact me to review:

- Coach Conflicts where you have 1 coach account. Per rule we cannot manage coach conflicts between other leagues or tournaments and if you have different coach accounts that are being used for multiple teams.
- Play dates if an error was made versus your indicated Blackout Date weekend.
- Play dates if an error was made where you played more than one game in a day (except for teams that previously requested and were scheduled doubleheaders) or in error were back to back games in two days or three days.
- Travel between one location to another if you have multiple times is not possible without a helicopter.

Review must be completed by 6:00 PM Monday. At that time, I will send out a communication and publish on the ASA website that schedules are final.
