2019-2020 ARIZONA ADVANCED LEAGUES

Message from Arizona Soccer Association

Teams,

We are well aware of the upcoming forecast for rain this weekend with a high probability of rain starting Friday night and throughout Saturday. I have checked in with the three active facilities for Saturday (Tucson Kino, Fear Farm, CCV)

First game Fear farm 9 AM

First games Kino 1030 AM

First game CCV 930 AM

My first priority on notification will be the Kino games as there are Phx teams traveling down. However I have check in times with all three locations on Friday night as well as no later than 8 AM on Saturday. From there I will be communicating out to teams via text and email through getsoccer as soon as I receive any information.

If games are rained out, the following protocol will take place:

1. Games must be played on the remaining fields/dates/time slots in the next three weekends.
2. Existing blackout dates for teams will exclude the game from being played that weekend.
3. IF both teams do not have an open weekend, the next criteria will be to find a day that both teams don't play on.
4. Teams potentially could play more than one game on a weekend.

Thanks for your attention to this.
