2020-2021 Arizona Advanced Leagues Information and Desert Conference

Teams and Club DOCs and Club Registrars,

You are receiving this email if you have applied for Advanced Leagues for the 2020-2021 season and now the application window has closed. This year we have had teams apply in GotSoccer so that when accepted, they do not have to take another registration or application step. There are many ways to verify if you applied.

1. You would have received an email confirmation of you applying/registering.
2. Check your team account under EVENTS and you will see if you applied.
3. On the Advanced Leagues Web Page we posted the "[Applied Teams](#)" list.

Next Steps:

- Information that was provided in your team applications will be passed to the age group selection committees for review. Website information will be updated and I will be sending out communications to teams as the process moves forward.
- From June 15 - June 29 teams will be notified of their status in terms of ACCEPTED, DECLINED, WAITING LIST, or other status.
- Upon notification of ACCEPTED, teams will be required to make payment by July 27.
- June 15: I will post the Team Officials Orientation sign up link for multiple dates that are published on the website. Also other supporting documentation for the league will be posted.

Desert Conference Updates:

- LINK to website: <https://www.usyouthsoccer.org/desert-conference/>
- Desert Conference Application for 2020-2021 is ready but.... **I STRONGLY RECOMMEND** that you not apply yet. There are some pieces of information for Desert Conference and National League that are not completed yet and **IT IS MY RECOMMENDATION** that you wait for all of this information before applying. Some things are still being updated.
- **I will make sure to send out the information once it is received.**
- **Team application deadline is July 6 so you have plenty of time.**
- **PLEASE DO NOT CONTACT THE DESERT CONFERENCE MANAGER/COMMISSIONER OR MYSELF until the information has been sent out.**

Thanks all and I will be sending out more information soon.

Derek
