

Advanced Leagues Scrimmage Fest Presented by the Las Vegas Mayor's Cup – INFO

Teams,

Please take a look at your scheduled game for the Advance Leagues Scrimmage Fest Presented by the Las Vegas Mayor's Cup. While some teams have requested more than one game, we are distributing this schedule first to all teams so that we could have each team with at least 1 game. GREAT JOB by ASA STAFF STACEY DRINON!!! If you see a "mistake" in scheduling the game that did not match your requested availability when you registered for the event, please contact Stacey (staceydrinon@azyouthsoccer.org) and cc. me (derekyen@azyouthsoccer.org) and we can fix it.

ASA Might make a few minor changes in the Saturday and Sunday evening games to push back 15 minutes to 30 minutes if forecasted temperatures warrant such a decision.

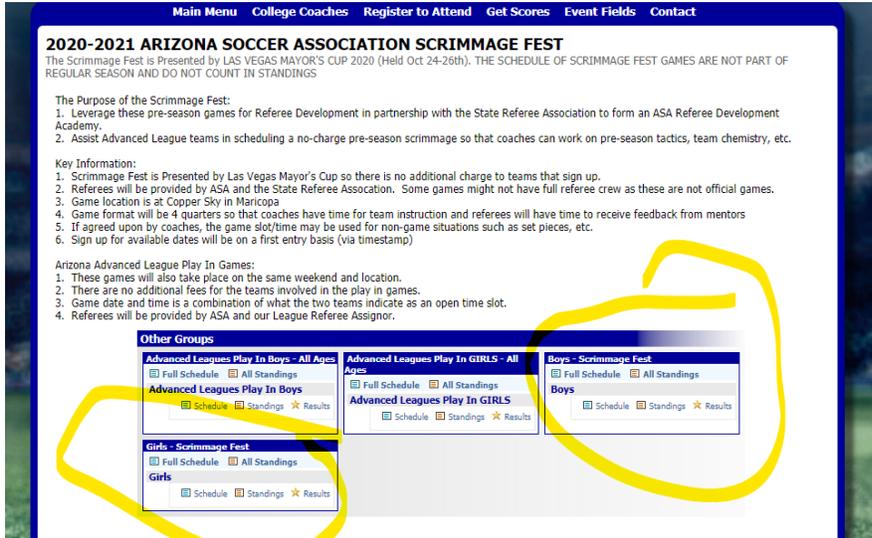

Next for those teams that wanted a second match, we have limited availability that can still host a second game. [A google doc will be sent out to you all tomorrow if you want to try and fit another game in the available time slots.](#)

Current availability would be:

- Saturday 2 PM earliest kickoff to the evening time slots.
- Sunday AM time slots for U12 teams
- Sunday 2 PM earliest kickoff to the evening time slots.

Weather forecasts are calling for hot temperatures. ASA follows specific guidelines that are available for your review on the Advanced Leagues web page under resources. ASA Staff constantly monitors weather conditions including our usage of wet bulb thermometers to make sure we are following guidelines. Here is a [LINK](#) that is also on our web page for Heat Guidelines. It also allows you to see US Soccer Federation information on injury prevention, hydration, nutrition, etc.

You can access your Scrimmage Fest schedule by clicking this [LINK](#) which will take you to the public schedule. You will see that your scheduled Scrimmage Fest game can be found under either the Boys or Girls Scrimmage Fest Divisions.

Or you can access your Scrimmage Fest schedule by logging into your team account and on your main page click the event schedule:
