**2020-2021 Arizona Advanced Leagues - Updating Coach and Team Manager Contacts**

Teams,

This email is going to all accepted teams. Many of you have been working feverishly to update your coaches and team managers on the team account in GotSoccer. However there are many teams that have not done so and the urgency is now.

Please check your team account in GotSoccer.

1. Go to your Team Profile tab. If you don't have a Coach or Manager entered, it will look like above.
2. Click on the Manager or coach tab in the grey bar as another method.
3. Work with your club registrar to get this updated.

**Some key dates and next steps to prepare for the league:**

- ASA will be releasing our return to play guidelines for phase 4. In addition to this will be information about spectator return. Once this is published, I will make sure to notify you all.
- **August 19 is the roster freeze. This roster will be used for anybody involved in a Play in Game. Some teams have not created their event roster. Work with your registrar to do so if you don't know how. See illustration below that some teams only have their "STATE" roster and not their event roster.**
- Digital coaching center requirements for coach licensing: More info soon to be released to coaches.
- Advanced League Schedule release to coaches for review will be delayed from this week as I have been waiting on final confirmation of field permits. I will update you in advance when the schedule release date gets closer.

- For those of you in the Scrimmage Fest presented by the Las Vegas Mayor's Cup and/or the Play in Games this coming weekend, specific information will be going to those teams tonight.
