Advanced Leagues Schedule

Teams,

The schedule is still not final because there are several teams that are asking the opponent for changes. The exception is the Boys U17 ASL2 Division that is being redone because a team withdrawing. This process takes time.

If you have received an email about moving a game that you have been asked to reply to, that needs to come to me by tonight. Those games will remain as originally scheduled if I don't hear back.

Sincerely,

Derek
