2020 Arizona Advanced Leagues "DRAFT" schedule for January - March.

Teams,

This weekend we are off from league play but the schedule for January - March is ready for your 24 hour review.

As communicated to the DOC's on today's call, a couple things to be aware of.

1. At this time with various field closures, I have not been able to secure Kino in Tucson.
2. At this time, some of the Phoenix based fields that I normally am able to secure are not available. Rose Mofford (Closed), Reach 11 (Closed), Scottsdale Sports Complex (all availability given to tournaments), Peoria Pioneer Park (Closed) are not available. I am still waiting for Mesa fields.
3. If some of the normal fields that I have already submitted an allocation for are confirmed, some games may be moved to another field and you will be communicated to.

For now,

This schedule has been done without any conflicts to your requested blackout dates entered.

Please review your team schedule for the January - March games. You may contact me no later than 9 PM Sunday, 12/13 for anything that falls under the following categories:

1. A coach conflict hasn't been caught where you are the head coach on both accounts.
2. System has not calculated a needed driving distance between fields that you coach both teams.
3. In my error you have been scheduled two games in one day and didn't request a doubleheader.

I will communicate to all when the schedules are final.

See you on the fields soon.
