

## 2020-2021 Arizona Federal Credit Union Advanced League March Remaining Games

Teams,

You are receiving this communication because you have a remaining game scheduled that could be impacted by the High School Season and potential for players remaining in the High School Playoffs.

While not all players are playing High School Soccer, the Playoffs (Tournament) first round matches for 4A-6A will take place on March 9 and Quarterfinals on March 13. We are looking for the following items to be followed.

- We are hoping you will be able to play your scheduled game and want to avoid any forfeits. The reality is games might go unplayed.
- Club Pass Policy allows for up to 5 players to help your team from your own club.
- League Rules allow for a minimum of 7 players to start a game for ages U13 and older and 6 players for U12.
- League Rule “**Section 4.08 Uneven Number of Games**” covers how Final Standings are determined should an unplayed game occur.
- **Failure to notify using the exception form and failure to appear at your scheduled game will result in a forfeit and associated fine.**

The following process will take place for those remaining games:

1. IF either team has more than 4 players unable to play in your advanced league game (because they are in High School Soccer Playoffs) **AND** you can prove **YOU CANNOT** field a team of 7 players for your game, your team will be responsible for completing the [Rescheduling Link](#) identifying the names of the players and the High School team they are playing for.
