

Arizona Advanced Leagues Application and Selection Process

Application Process

(Section 2.07 & 2.08 of Rules): Teams may apply using the [LINK](#) posted on the website based on Key Dates established each season. Applying teams should have a realistic expectation based on their prior season finish in League and Cups. The application requires detailed information to support the request to be reviewed by the Selection Sub Committee. All returning and new teams planning on playing in Advanced Leagues must complete the application process. Automatic Qualifiers for the season are posted on the web page or click here ([BOYS](#) or [GIRLS](#)). *9 Player continuity rule for automatic qualifiers exists or they become an open applicant.

Selection Process

Each year teams may apply for Arizona Advanced Leagues. Selection Sub Committees are formed and selected by the League Commissioner. It is the responsibility of the Sub Committee members to leverage their experience and expertise in reviewing the team applications. Placement of the applied teams is a tedious process as Sub Committee members review the information on the application, validate past season's results, review last Arizona State Cup or President's Cup results, and other variables to be considered. For a complete list of what criteria is reviewed, see league rules. The Selection Sub Committee will review applications based on deadlines posted and will be responsible for notification to teams of acceptance.

Selection Sub Committee

Each year the members will be posted on the web page. Please contact the Chair of the Sub Committee as they are responsible for the initial review of applications and making placement recommendations to the League Commissioner. See web page for further details

Advanced Leagues Notification Process

For the 2020-2021 Season: The League Commissioner will notify the teams that they have been **Accepted** for the league (APL, ASL1, ASL2) in GotSoccer. The Application and Registration process will all be within GotSoccer so there is no need for multiple steps by teams to additionally "register". Teams that are **Declined** will be notified.

Teams that are on the **Waiting List** on some age groups have not been placed in Advanced Leagues yet (APL, ASL1, or ASL2 at this time). A team will be notified if their status changes. Teams on the Waiting List should prepare to register for their regional open league such as Arizona Soccer Association's OPEN LEAGUE, PCJSL, or other Affiliate League upon notification if their status changes to "**Declined**".

Teams that are identified in a PLAY IN game will be notified after teams register. ASA will schedule the games in July or August before the regular season begins.

Advanced Leagues Final Placements
