Camp Information

TRAINING CURRICULUM

Our challenging and high-energy training sessions focus primarily on the technical aspects of the game. Our professional training staff focuses on developing and improving skills like dribbling, passing, receiving, heading, and

shooting in exciting and competitive drills to increase players' confidence and composure on the ball.

Finishing in almost every imaginable way is on the daily agenda as are high-intensity small-sided 1v1, 2v1, 2v2...up to 4v4 games which gives players the opportunity to put skills acquired into practice under realistic game pressure.

Our coaches understand the need for balance and laughter and have therefore left time in the daily schedule for fun yet structured and supervised non-soccer group activities.
