

Land Acknowledgment

The state of Arizona is the homeland of many indigenous people who inhabited this land for generations before and after colonization. The Arizona Soccer Association respectfully acknowledges the land we play soccer on is the homeland of these indigenous people. We encourage all members of the Arizona Soccer Association to learn about, honor, and respect the indigenous people of Arizona and their land.

Check out this website to find out what Native Americans lived on the land you call home: <https://native-land.ca/>
